Family Service Packages

Our family service packages are offered at a considerable savings over itemized prices for the services included. Additional services may be added and will be charged at the cost shown on the General Price List.

Additional charges may be incurred for bodies in excess of three hundred pounds, out of town transportation, biohazardous removals requiring special equipment for bodies in advanced stages of decomposition, extra personnel for difficult removal situations and insurance filing obstacles.

On-site, not out-sourced...the difference is peace of mind.
